

## Trash Collection Updates

For many years the Village of Lockbourne has taken care of the financial responsibility regarding trash disposal and pick up. The Village has happily provided this service to our one hundred and thirty households FREE of charge for more than twenty years. It has been our pleasure helping relieve some financial burdens for all of our residents while maintaining a trash free, clean community. It is our goal to continue to maintain the cleanliness of the Village all while meeting our own financial burdens. It has been brought to our attention that we can no longer financially provide FREE trash pickup services for all of our Village residents. We have done our due diligence in selecting a reasonably priced trash collector with the most savings passed along to you, our residents. The Village council members voted to maintain our community with trash pickup for all households costing only \$20.34 per month to be billed quarterly from Local Waste Services. A ten percent discount will be applied for head of household residents who are sixty plus years old. Our excellent waste collection services will remain the same, Local Waste will ensure recycling collection along with trash and approved bulk items. Trash collection will remain weekly on Thursdays from 7am - 7pm.

As of 1/1/22 billing will begin quarterly and will consist of four quarterly bills per calendar year. To maintain cleanliness in our Village, trash collection will continue for all residence regardless of delinquency on payments. All customers remaining unpaid after 30 days will receive a reminder letter pertaining to their past due account balance. Local Waste services will assess a \$3 .00 fee for any past due letter issued. After 60 days from the original bill date any remaining unpaid customer will be notified with a certified letter from Local Waste in which the resident will have 14 days to respond with payment in full. If payment is not fulfilled within the allotted 14 day window, the Village Of Lockbourne will be assessed the residents collection debt and will meet payment in full in order to continue collection services. A convenience fee of \$100 will be added to the original bill assessed to the Village of Lockbourne and will be added to the homeowners yearly taxes.

Our continued goal is to maintain cleanliness in the community regardless of missed or delinquent payments by residents. We do not want defaulted residents trash sitting at the curb for weeks bringing down our community standards.

Lockbourne is a beautiful, small, tight knit community who is home to many wonderful residents whom care about our parks and lovely green spaces. Help us maintain our community and grow our Village by doing your part and helping us finance our trash collection. For more information regarding our new trash collection policies please feel free to call our municipals office M,W,F from 9-12 at (614) 491-3161 or you email us anytime.
